Orange Township Public Schools	Orange Early Childhood Center	Robert Pettit	September 1, 2025 - June 30, 2026

1: Professional Learning Goals

No.	Goal	Identified Group	Rationale/Sources of Evidence
1	By June 2026, 60% of students will increase one to two GOLD levels from baseline data in 8 out of the 16 areas Literacy and Language 1. Notices and discriminates rhyme 2. Notices and discriminates alliteration 3. Notices and discriminates discrete units of sound 4. Applies phonics concepts and knowledge of word structure to decode text 5. Demonstrates knowledge of the alphabet 6. Identifies and names letters 7. Identifies letter-sound correspondences 8. Demonstrates knowledge of print and its uses 9. Uses and appreciates books and other texts 10. Uses print concepts 11. Interacts during reading experiences, book conversations, and text reflections 12. Uses emergent reading skills 13. Retells stories and recounts	<ul style="list-style-type: none">• Preschool Teachers• Preschool Paraprofessionals• Early Childhood Support Staff	Language, literacy, and communication are inherently and intricately intertwined. Oral language is the foundation for understanding and mastering printed language. Children comprehend the words and ideas that others communicate to them. They gesture and speak to share their ideas with others. As they discover how the sounds of language work, and see speech sounds represented in print, children are ready and eager to learn how to read and write. The preschool years create the foundation upon which reading and writing skills are built. <ul style="list-style-type: none">• GOLD anecdotes• Check point data period• Growth Report and Band Color Reporting• Letter & Number ID• Block Area Books• Dramatic Play Anecdotal Notes• Small group anecdotal notes• Work time anecdotal notes

	details from informational texts 14. Uses context clues to read and comprehend texts 15. Reads fluently 16. Writes name 17. Writes to convey ideas and information 18. Writes using conventions		
2	By June 2026, 60% of all preschool students will increase one to two GOLD levels from the baseline in 6 out of the 9 SEL areas: 1. Manages feelings 2. Follows limits and expectations 3. Takes care of own needs appropriately 4. Forms relationships with adults 5. Responds to emotional cues 6. Interacts with peers 7. Makes friends 8. Balances needs and rights of self and others 9. Solves social problems	<ul style="list-style-type: none">• Preschool Teachers• Preschool Paraprofessionals• Early Childhood Support Staff	<p>Per the National Association of Education for Young Children, “Children’s social and emotional health affects their overall development and learning. Research indicates that children who are mentally healthy tend to be happier, show greater motivation to learn, have a more positive attitude toward school, more eagerly participate in class activities, and demonstrate higher academic performance than less mentally healthy peers (Hyson 2004; Kostelnik et al. 2015). Children who exhibit social and emotional difficulties tend to have trouble following directions and participating in learning activities. Compared with healthier peers, they may be more likely to suffer rejection by classmates, have low self-esteem, do poorly in school, and be suspended (Hyson 2004; Kostelnik et al. 2015). Thus, children’s social and emotional health is just as important as their physical health, and affects their capacity to develop and potential to lead a fulfilling life.</p> <p>Teachers can promote children’s social and emotional health in many ways, for example, by organizing a material-rich environment to stimulate social interactions among children. This article focuses on two of the most important practices: building trusting relationships and conducting intentional teaching.” NAEYC (2023)</p> <ul style="list-style-type: none">• GOLD anecdotes:• Growth Report• Self-Portraits• Cozy Corners• Dramatic Play Anecdotal Notes
3	By June 2026, school-wide chronic absenteeism will decline from <u>25%</u> to <u>20%</u> , resulting in a <u>5%</u> decrease.	Preschool Teachers, Preschool Paraprofessionals, School Social Workers, and other relevant staff members	<p>Chronic absenteeism has a profound impact on student achievement. Children who do not come to school on a regular basis may not reap the benefits from a developmentally appropriate curriculum and may not gain critical foundational skills.</p> <p>In SY 2024–2025, 25% (29 out of 115 students) of preschool children were chronically absent at Orange Early Childhood Center.</p>
